# **THE ULTIMATE MODULAR OFFICE SPACE**

**EXTERIOR**

These former ISO cargo containers are now portable, lockable, economical office modules. They were designed and fabricated to function as command center for personnel in the oil rigging and dredging fields.

The containers rugged construction will allow it to be reused and shipped around the world for different projects.

**INTERIOR**

### **General Specifications:**

New 20ft L X 8ft W X 8'6" containers

Framed in 2"X3" wood studs, then insulated with 1" polystyrene rigid board.

3/8" fiberglass/plywood board installed, both interior & exterior lighting, double hung windows, ventilation, commercial tile flooring

These photographs depict a 20 ft container that has been partitioned into two 10 ft sections. It functions as a lunch room and a computerized office space.

Each end of the container has its own personnel door, windows and exterior light.
